**The Annual Industry Report**

Training, learning, and talent development leaders and professionals rely on this report as a statistical gauge for measuring their own training functions against industry norms. With data representing a cross-section of industries and company sizes, the Industry Report presents a comprehensive view of the current environment as well as historical trends, including:

- Training expenditures
- Types of training intended to purchase
- Expenditures per learner
- Hours of training per employee
- Training staffing
- Budget changes, including by industry and company size
- Who gets trained
- Projected funding for learning areas over the next year
- Delivery methods
- Technology usage
- Extent of outsourcing

**The Annual Salary Survey**

For a pulse of the average training salaries across roles and regions, *Training*’s exclusive research can’t be beat. Training professionals at all levels turn to the Annual Salary Survey for the latest analysis of industry compensation and to find out how their own salary stacks up against the broader marketplace.

**Description**

Adopting remote teams and virtual workspaces has led organizations, managers, and teams to quickly discover that leading teams with dispersed team members poses new challenges. Only 5% of companies today believe they have strong digital leaders in place (Research). Virtual team members often report that they enjoy the autonomy and flexibility that working from home or a remote office may offer, but they also explain that they often feel both more managed and isolated from their team members.

Virtual leaders must attend to relationship, reliability, results, and recognition issues as they strive to communicate, take risks, and build connections across virtual distance. The rewards of getting this aspect of

Includes a full-page article (500 – 800 words) or 2-page spread (1,200 – 1,400 words). 2-page spreads can be set up as one page of article content and an adjacent Full Page 4C display ad. Training can provide editorial guidance/assistance for story angle/theme, etc.
Sponsored articles on TrainingMag.com

In addition to print, Native or Sponsored Content articles also appear in the newsfeed on the TrainingMag.com home page for 30 days, plus:

- 30-day social marketing campaign
- Text ads in two issues of the Training Weekly eNewsletter

Travel with them

Retargeting campaigns allow you to deliver your banner ads to our website visitors AFTER they have left our website! Once visitors have been to TrainingMag.com, they become a member of our retargeting lists. This NEW program allows you VIP access to market directly to this highly qualified audience!

When your banners are placed in our retargeting program, your ads “follow” our visitors while they perform Google searches and visit other partner websites within Google’s expansive Search and Display Networks. Google Search is the gold standard of internet search engines. The Google Display Network reaches 90% of internet users worldwide and includes more than 2 million publishers, including websites like nytimes.com and weather.com and Google-owned websites like Gmail, Blogger, and YouTube and more.

Retargeting campaigns are an excellent way to “nudge” Training’s qualified audience by remaining relevant in their online activity, thereby building brand awareness and shortening the amount of time necessary for conversion.

### RATES

- **Pricing/Cost:** $5 CPC
- **Minimum quantity:** 400 clicks ($2,000)
- **Maximum quantity:** none
- **Availability:** first come

Retargeting banners are sold on a cost-per-click (CPC) basis. Purchase as many clicks as you need — your ads will run until your order has been met.

Accepted formats are GIF, JPG and PNG banners (no tags); most standard IAB sizes are available.
Elevate your brand, make meaningful connections

With a variety of opportunities to fit every budget or set of marketing objectives, sponsorship of our events will give you brand recognition and valuable exposure with your top prospects and clients. Innovations in Training (IIT) is an interactive, experiential and immersive event that kicks off after Training’s two main conferences — Training 2019 and Online Learning Conference 2019. IIT showcases how organizations are applying cutting-edge approaches to improve learning and engagement in the digital enterprise. With our host city as the learning lab, participants imagine, engage and create a new future of learning for their organizations. In this "on-the-road" format, participants see how training is being innovated today through site visits to state-of-the-art centers, Immersive Labs (on VR, AR, AI, IoT, etc.), thought-leader presentations, Applied Innovation Workshops, and Debrief Dialogues. This exclusive experience is limited to 50 attendees.

"Innovations in Training is unlike anything I’ve seen offered at a conference before. It was great to see real innovations already implemented at organizations — and gain ideas and insights to bring back to my team."

Lisa O’Donnell, Director of Instructional Design, KPMG

“I flew down just for Innovations in Training! It’s very, very interactive. We had lots of fun. I felt like a kid on a field trip. We saw a lot of simulations and great work. We did a lot of collaboration. It was a very perfect space for learning. The small group was very helpful because we were all focused. I look forward to coming back soon!”

Hima Jasti, Program Manager, eBay

“In the past three days, I’ve felt like a kid in a candy store. This has been absolutely fantastic — all these tools and ways to use simulations and virtual environments.”

Rick McNamara, Senior Manager, Siemens
